Our colleagues from **Steinbeiss 2i GmbH** are also joining us and will organize an **E-Health Roadshow** in the framework of the eHealth Hub project.

The EAHM Congress 2018 will host 500+ Hospital Management professionals. It will have representatives from all national hospitals (public and private), as well as delegations (Germany, Greece, Belgium, Iceland, France, Brazil and P.R. China have already confirmed) and individuals from Europe and beyond.

It will be a great opportunity to meet with key stakeholders from the health industry, research institutions, hospital CIOs, procurement decision makers and potential investors in 30 minutes pre-scheduled bilateral meetings.

B2B FOCUS:

- Digital solutions in healthcare and personalized medicine
- Integrated care management systems
- Autonomy and homecare solutions
- Remote patient monitoring
- Robotics & Artificial Intelligence
- Big data and predictive decisions models
