

# Smart Building in the European Green Deal: Challenges and Opportunities

19-20 feb 2021

## Smart Building Levante From Smart Homes to Smart Cities

Innovation and Technological Integration in Southern Italy

### ON-LINE EVENT

Two days of workshop and B2B matching dedicated to the internationalization of SMEs in the field of home and building automation and system integration.

**Smart Building Levante** is the reference show about construction and territorial technological innovation for southern Italian regions. The 2021 edition wants to consolidate existing partnerships and further engage the area and professionals, by encouraging reflection about the relationship between technology and places and looking for targeted answers to specific problems.

Smart Building Levante will start with an

- **Online workshop:** The Smart Building Levante Matchmaking Event 2021 will have an introductory workshop titled **Smart Building in the European Green Deal: Challenges and Opportunities** (19th February 2021, 10:30 - 12:00) that will be focused on the European Green Deal and the Renovation Wave.

and continue with
